

You're invited to an important neighborhood meeting hosted by: **Abby Gonzales and Lynn Bubenas on 05/02/26 at 12:30 pm**

Location: Dungeness Community Church, 45 Eberle Lane off Sequim Dungeness Way

TOPIC: Emerald Highlands Emergency Preparedness

When disaster strikes, the people around you are often the first to assess the situation and offer help. Because professional responders will be prioritized for the most severe emergencies, our neighborhood's resilience depends on us. This meeting will help us learn important preparedness skills and teach us how to work together during a crisis. Helpful tips will be shared and questions answered.

By learning to work as a team before a crisis happens, we can greatly increase our community's survival and recovery rates. Come with your questions and leave with a plan!

Representatives from Clallam Ready Sequim will facilitate the training.

A representative from your local CERT team may also be invited.

Please RSVP: Lynn: (206) 276-3568 / e-mail: bubenas1@gmail.com
or Abby: (562) 619-9508 no later than: **4/18/26**

We hope you'll be able to attend. In the meantime, please check out the Clallam Ready Sequim website for more information.
